

Summer Research Opportunities

The Academic Preparation, Recruitment & Outreach (APRO) Program at UCR provides the following programs in the Graduate Division to provide resources and support enrollment of underrepresented minority students

DESCRIPTION

The Mentoring Summer Research Internship Program (MSRIP) offers undergraduate students with outstanding academic potential the opportunity to work closely with faculty and graduate students on a research project.

ELIGIBILITY

- U.S Citizen, permanent resident, or AB540
- Enrolled full-time at a four-year university or community college
- Incoming juniors, seniors or students enrolling at a master's program at UCR in the fall
- Interested in pursuing a graduate degree (i.e., master's, doctoral)
- First-generation, socioeconomically disadvantaged backgrounds (or students qualified by other pertinent criteria)
- In good academic standing

ADDITIONAL INFO

- Participant Stipend: \$3,000
- Preparation for graduate studies, professional development/networking
- UC Graduate application fee waivers
- & more!

DESCRIPTION

The UC Leadership Excellence through Advanced Degrees (UC LEADS) Program is a two-year program designed to identify educationally and/or economically disadvantaged undergraduates pursuing degrees in STEM who will conceivably complete doctorate degrees.

ELIGIBILITY

- U.S Citizen, permanent resident, or AB540
- Enrolled full-time at a four-year university or community college
- Be a current UCR student in a STEM major
- Current sophomores or juniors available for two academic years
- Interested in pursuing scientific research and a PhD after graduating
- First-generation, socioeconomically disadvantaged backgrounds (or students qualified by other pertinent criteria)
- In good academic standing

ADDITIONAL INFO

- Two paid summer research experiences
- Year round research experience
- UC Graduate application fee waivers
- & more!
