
ACADEMIC MERITS & PROMOTIONS AND OTHER SALARY RELATED ACTIONS

TO: Academic Departments, Business & Financial Services (BFS), Financial Planning and Analysis (FP&A), Academic Senate Office, Academic CFAOs, UCPATH Campus Center Support (CSC) and Shared Services Centers

2020-2021 BUDGET & STAFFING PROCESS CHANGES

Future changes (if any) from the Office of the President are at this time unknown, this year, Financial Planning and Analysis (FP&A) plans to exclude any permanent funding with an effective date of July 1st in the Staffing snapshot. At this time, salary actions with effective July 1, 2021 dates processed in June do not appear in the Budgeted Positions application until July 1. Assuming UCPATH is available, Friday, June 25th is the drop deadline and the day the Staffing snapshot is taken, so please process corrections through BEA's, the FAU Change Module and Shared Service Centers accordingly.

Golden Tree Modifications need to be discussed and approved by Financial Planning & Analysis (FP&A). FP&A will coordinate with Accounting in consideration of only necessary modifications to the Golden Trees. Please plan to balance accordingly with this notice.

There is no anticipated freeze from the central budget office in early July, unlike previous years. Given that the June 25th deadline is firm, any ad-hoc processing of salary actions with an effective date before July 1 by Shared Service Centers will have a significantly adverse effect on Staffing and the permanent budget. If you are unclear as to whether an entry will affect Staffing, contact Lorissa Zavala (ext. 2-3250 or lorissa.zavala@ucr.edu) in Financial Planning and Analysis (FP&A). For questions related to Golden Trees, please contact [Susana Salazar](mailto:Susana.salazar@ucr.edu) (Susana.salazar@ucr.edu).

ACADEMIC MERITS, PROMOTIONS AND RETENTIONS

Senate Faculty merits, promotions and approved retention actions (announcements through June 18, 2021) with July 1, 2021 effective date will be prepared and entered into UCPATH centrally via the Mass Update of PayPath Actions by the Academic Personnel Office (APO) on June 21, 2021. Your assistance in verifying the accuracy of the updated salaries will be requested by APO on Tuesday, **June 22, 2021**, after the merits, promotions and retentions have been centrally processed.

Departments/ORGS are responsible for submitting the transactions for advancement actions for Unit 18 faculty (Lecturer and Supervisor of Teacher Education), Librarians and non-senate academics. Shared

Service Centers can send Mass Update of PayPath Action templates for updates to UCPATH Campus Support Center (CSC) ucpathcsc@ucr.edu.

Exceptional Late Salary Actions for Merits & Promotions: Costing reports for July 1st salary actions will be treated as new year business once central year end business is completed in mid-July. Corrections from departments will be incorporated in the mass Budget Entry Adjustment. Given that this is new year business, anticipate an Adjustment to the FY21-22 budget with a temporary and permanent BEA. Any adjustments required after costing reports requested in mid-July will need to be approved by FP&A via email (Lorissa.Zavala@ucr.edu) with a manual salary adjustment request.

New Hires & Separations: FP&A should be notified via email (Lorissa.Zavala@ucr.edu) of a new hire or separation which may throw Staffing out of balance on June 25th.

ASSISTANT PROFESSORS WITH JUNE 30, 2021 EXPECTED JOB END DATES

Assistant Professors with June 30, 2021 Expected Job End Dates will be extended to June 30, 2023, for approved actions and June 30, 2022, for denied and pending actions, centrally by the Academic Personnel Office during the Mass Update of Merit and Promotion outcomes. Assistant Professors who will separate from the University effective June 30, 2021, will not require extensions.

ADDITIONAL COMPENSATION—SUMMER SALARY

Summer salary compensation may be entered into UCPATH once the Summer Salary Guidelines have been distributed. If the grant requires effort reporting/payroll certification or a specific job code is required for Summer Session teaching per a MOU, a concurrent hire into the appropriate job code will be necessary. All other summer compensation (e.g. administrative ninths and summer sessions teaching) can be paid on the Professorial/Administrative job as recurring additional compensation via PayPath. The total summer salary must not exceed three-ninths (3/9) for an academic year appointee. Summer Session compensation must be included in that total.

Payment of summer salary must be calculated as a percentage of the monthly salary (at the one-ninth rate) with a begin date as the first day of the month and an end date as the last day of the month. For a list of appropriate Job Codes and Earn Codes as well as further instructions on the processing of summer salary, refer to the Summer Salary Guidelines for Compensation located on the Academic Personnel website under [Local Compensation Policy and Guidelines](#).

RETIREMENT CONTRIBUTIONS ON SUMMER SALARY

Effective July 1, 2001, an employer and employee contribution to the Defined Contribution Plan Pretax Account based on eligible summer salary was provided per UC policy ([APM 190, Appendix G](#)). Summer salary is not “Covered Compensation” ** therefore, it is not included in the calculations of an individual's HAPC (Highest Average Plan Compensation) for determining a retirement benefit.

**Administrative ninths paid to part-time faculty administrators is “Covered Compensation.”

NIH SALARY CAP

The NIH Salary Cap is a statutory limitation imposed by Congress on an individual's rate of pay directly chargeable to grants, cooperative agreements and contracts issued by the National Institutes of Health (NIH). UCR Guidelines for NIH Salary Cap are produced on a periodic schedule based on updated governmental regulations. Current guidelines are located on the Academic Personnel web site under [Local Compensation Policy and Guidelines](#).

Audits conducted by the Department of Health and Human Services (DHHS) and internally by the University have identified non-compliance with the NIH salary limitation and have resulted in repayments to the federal government. DHHS has indicated follow-up reviews of this issue are likely in the near future. It is important departments follow policy set forth in the UCR Guidelines for NIH Salary Cap to properly implement this salary cap.

COMMITTEE ON ACADEMIC PERSONNEL (CAP) COMPENSATION

Additional Compensation previously selected by members of CAP for their 2020-2021 service will be confirmed by the Academic Senate Office after the CAP member completes their service in August 2021. Home departments should have received a copy of the letter to the CAP member in September. If you have any questions please contact Sarah Miller, in the Academic Senate office (ext. 2-5538 or sarah.miller@ucr.edu).

LEAVES

Academic leaves for AY 2021-2022, including sabbatical leaves, may be entered or updated in UCPath. Exceptional cases with an effective leave date before July 1, 2021 should be discussed with Financial Planning & Analysis (Lorissa.Zavala@ucr.edu), as these premature entries may have a negative effect on the staffing process.
